# TESTIMONIALS

## *“felt at ease on my wedding day”*

Could not think of a better venue to hold our wedding ceremony and reception! I worked with Amber initially, then Stephanie, and ultimately Isabella as the venue coordinator. Regardless of who my contact was, the 3 of them consistently responded within an hour of emailing them and answered all questions. The location itself is beautiful, and Stifel really goes out of their way to make sure they provide you and your guests with the best experience possible. I felt at ease on my wedding day knowing that Isabella and Stifel were producing the event!

## *“executed every detail flawlessly”*

Truly the best venue ever for our special day! Their on-site team executed every detail flawlessly and we didn't have one hiccup the entire day. This is largely due to Stephanie as their on-site coordinator, who perfectly executed every tiny detail and ran the show. Not to mention, she answered every question we had and was super responsive every step of the way. I also want to shout out the catering staff, as the food was delicious and we had multiple people come up to us afterward saying how good it was. Stifel is a beautiful venue with an A+ team behind-the-scenes, and we would recommend them to any couple planning their big day!

## *“gushed over the food and the service”*

Where to even begin? My husband and I live in LA and are in the entertainment industry. I'm from St. Louis, so that's where we decided to get married. I toured several venues but none of them stood out to me like the Stifel did. It's beautiful inside and out and very classic. The venue coordinator, Amber Marshall, is a machine. She was crucial in making our dream come true. She answered my millions of questions and catered to our weird requests. We will never be able to thank her enough. The food and beverage coordinator, Jessica Harvey, is a gem of a human, and a serious professional. Everyone gushed over the food and the service. Everyone who worked our wedding was absolutely perfect. Morgan, Sara, the servers, bartenders, chefs, bussers, security, and every other person who worked that night are responsible for our perfect wedding. If you are artsy and/or in to historic buildings, this is a great venue! Even if you aren't, it's a great venue! Our guests couldn't get over how wonderful everything was.

## *“art deco style was so beautiful”*

The Stifel Theatre completely blew any expectations we had for our wedding and reception out of the water. My husband and I had our ceremony in the ticket lobby and our reception in the grand lobby - the venue was absolutely perfect for our 250ish person wedding. The art deco style was so beautiful, it didn't require much on our end as far as decor goes. This allowed us put our budget towards other things that would have been “splurge” items somewhere else. In addition to the building itself being stunning, the entire staff was so incredibly helpful - they took so much of the stress out of wedding planning. Since my husband and I live out of state, Amber [Marshall] was a HUGE help in the process. She made sure everything - big, small, and in between - was covered. Her energy was cool and collected while also confident, making us feel comfortable that she had everything taken care of at all times. We talk about how wonderful she was each time we look back on the day. George was also so kind and helpful each time we were there to review/take care of something. Wedding planning can naturally steer towards stressful and having someone so positive and helpful involved in the process makes all the difference. We absolutely loved our wedding day and so much of it was because of how wonderful our venue and the Stifel team were. Thank you SO much!!!
